PRELIMINARY SCIENTIFIC PROGRAM

FRIDAY, 27 SEPTEMBER 2019

MAISTROS HALL

08:00 - 08:30  Registration – Introduction (P. Tranos)

08:30 - 10:00  CORNEA (M. Balidis)
Structure and function of the cornea.
Anterior segment imaging.
Ocular surface disease.
Infectious and non-infectious keratitis
Corneal dystrophies & ectatic disorders
Novel techniques on Corneal Surgery
B. Allan, Z. Gatzioufas, M. Balidis

10:00 - 10:45  CORNEA FAN CLUB (M. Balidis)
B. Allan, V. Maurino, Z. Gatzioufas, D. Sakellaris

10:45 - 11:15  Coffee break

11:15 - 11:30  KEYNOTE LECTURE (C. Pruente)
Basic microsurgical principles and their role to residents' surgical training

11:30 - 12:30  REFRACTIVE SURGERY (D. Sakellaris)
Preoperative assessment and refractive surgery techniques. A practical guide on decision making
Customized treatment protocols (Topo-guided, wavefront-guided, presbyopic profiles)
Refractive surgery results, complications and quality of vision
Managing post-phaco ametropia with refractive surgery
V. Maurino, Z. Gatzioufas, D. Sakellaris

12:30 - 13:00  REFRACTIVE SURGERY FAN CLUB (D. Sakellaris)
B. Allan, V. Maurino, Z. Gatzioufas, M. Balidis,

13:00 - 14:00  Lunch with the experts (B. Allan, V. Maurino, Z. Gatzioufas, C. Pruente, S. Salvi)
14:00-15:00  **CATARACT (M. Balidis)**
- IOL calculation. How to choose the correct formula
- Intraoperative management of corneal astigmatism
- Phaco-tricks for soft and hard cataracts
- Managing small pupils & intraoperative floppy iris syndrome (IFIS)
- Femtosecond lasers and cataract surgery
- How to minimize the risk of post-phaco complications (Endophthalmitis, TASS, macular edema)
  
  **B.Allan, V. Maurino, M. Balidis**

15:00-15:30  Video of challenging cases. What would you do? (Balidis)

15:30-16:10  **OPHTHALMICA-MOORFIELDS DEBATE I Cornea – Refractive surgery (Gatzioufas)**
- Should Corneal cross linking (CXL) be performed right after the diagnosis of Keratoconus.
  
  **Yes (B. Allan)**
  **No (D.Sakellaris)**

  **SMILE vs LASIK : Which technique is superior for refractive surgery**
  **SMILE (V. Maurino)**
  **LASIK (M.Balidis)**

16:10-16:40  *Coffee break*

16:40-18:10  **ORBIT-OCCULOPLASTICS-COSMETIC SURGERY (E. Lokovitis)**
- Entropion-ectropion
- Ptosis of upper eyelid-blepharospasm
- Eyelid & orbital tumors
- Nasolacrimal duct obstruction
- Thyroid eye disease
- Orbital inflammation
  
  **S. Salvi, E.Lokovitis**

18:10-18:30  Challenging cases. What would you do? (S. Salvi, E.Lokovitis)

---

**ZEPHYROS HALL (MAX 50 delegates)**

16.45 - 17.30  **CORNEA workshop (M. Balidis)**
- Optimal management of keratoconus.
  
  **B. Allan, Z. Gatzioufas, M.Balidis**

17.45 – 18.30  **CATARACT workshop (D. Sakellaris)**
- IOL calculation after refractive surgery
- Cataract surgery in patients with compromised corneal endothelium
- Management of posterior capsule rupture
- How to select patients for advanced technology IOL’s
  
  **V.Maurino, C.Pruente, D.Sakellaris, M.Balidis**

19:00  **WELCOME RECEPTION**
SATURDAY, 28 SEPTEMBER 2019

09:00-10:30  MEDICAL RETINA I (S. Asteriadès)
Multimodal imaging retinal disease  A. Tufail
AMD & Neovascular variants  A. Tufail
Central serous chorioretinopathy & Pachychoroid syndromes  A. Tufail
Complications of pathologic myopia  P. Aristodemou

10:30-11:00  Coffee break

11:00-12:00 MEDICAL RETINA II (Vakalis)
Diabetic retinopathy  M. Tsilimbaris
Retinal vein occlusions  T. Rotsos
Retinal telangiectasias  P. Aristodemou

12:00-13:00  UVEITIS (Tranos)
Investigations in uveitis & how to avoid pitfalls  M. Westcott
Dealing with the complications of uveitis  P. Tranos
Management of uveitis. Update on immunosuppression and biologics  M. Westcott

13:00-14:00 Lunch with the experts
(A. Tufail, M. Sagoo, M. Westcott, M. Michaelides, L. Da Cruz, A. Robson)

14:00-14:45 ONCOLOGY (E. Pavlidou)
Ocular Surface Tumours
Intraocular Tumours
Masquerade Syndromes
M. Sagoo, S. Salvi

14:45-15:35 MEDICAL RETINA FAN CLUB (P. Tranos)
A. Tufail, M. Sagoo, M. Westcott, M. Michaelides, L. Da Cruz, A. Robson

15:35-16:15  KEYNOTE LECTURES (P. Tranos)
Genetic Therapies for Inherited Retinal Diseases (M. Michaelides)
The surgical delivery of innovative cellular and molecular therapies (L. Da Cruz)
Photovoltaic subretinal prosthesis for restoration of sight in blind (S. Vounotripidis)

16:15-16:45 Coffee break
VITREORETINAL SURGERY (S. Asteriades)
Retinal detachment - Types, prophylaxis and management
The vitreoretinal interface. Update & new classification schemes on macular holes, epiretinal membranes and vitreoretinal traction syndrome
Vitreous and submacular haemorrhage - Causes and management
L. Da Cruz, D. Yorston

Video of challenging cases. What would you do? (Th. Vakalis)
L. Da Cruz, D. Yorston, Th. Potamitis, P. Tranos, S. Asteriades, Th. Vakalis, P. Aristodemou

OPHTHALMICA-MOORFIELDS DEBATE II (P. Tranos)
Diabetic macular edema with co-existing epiretinal membrane. What should we treat first?
Diabetic macular edema (S. Asteriades)
Epiretinal membrane (L. Da Cruz)
A recent macula-off RD requires treatment more urgently than a macula-on RD
For (D. Yorston)
Against (Th Potamitis)

ZEPHYROS HALL (MAX 50 delegates)

COSMETIC OCCULOPLASTIC SURGERY for the general ophthalmologist workshop
Tips and pitfalls in botulinum toxin use
Tips and pitfalls in fillers use
S. Salvi, E. Lokovitis

GLAUCOMA workshop
“Pearls of glaucoma management”
S. Lim, P. Founti

OCT-ANGIOGRAPHY workshop
A. Tufail, T. Rotsos, P. Aristodemou
MAISTROS HALL

10:00 -11:30  PEADIATRIC OPHTHALMOLOGY-STRABISMUS-NEUROOPHTHALMOLOGY (D. Sakellaris)
Eso /Exo deviations in Children
Differential diagnosis of Leukocoria
Prescribing glasses in children
III,IV,VI nerve palsy
Differential diagnosis of optic neuropathis & disc swelling
M. Howlina, C. Basdekidou

11:30-12:00  Challenging cases. What would you do?

12:00-12:30  Coffee break

12:30-14:15  COURSE ON HEREDITARY DISEASE & ELECTROPHYSIOLOGY (S.Koukoula)
A. Robson, M. Michaelides, M. Howlina, S.Koukoula

14:15-14:30 Photo Quiz (Accreditation Certificates)

14:30-15:30 Lunch with the experts (A. Robson, M. Michaelides, S. Lim, P.Founti, C. Basdekidou)

15:30-17:00 GLAUCOMA ( D. Mikropoulos )
Monitoring glaucoma with the visual field: pits and falls
Monitoring glaucoma with imaging: pits and falls
S. Lim, P.Founti

17:00-17:30 GLAUCOMA FAN CLUB (S. Lim, P.Founti)

CLOSING REMARKS
